

Inside Out

Being an “Every Day” Witness

Purpose

Being an “every day” witness is not as hard as it seems. Jesus said that if His light is in us then others will see it and know the glory of God.

This fun comedy and magic show emphasizes the importance of showing, through simple every day social interactions with friends and others, that the light of Jesus is inside of you.

What will the children learn?

The light of Jesus is easy to show to others

Showing Jesus to others can be just as powerful as talking to them about Jesus
